<http://news.speeple.com/instablogs.com/2007/06/28/u-s-is-har> ming-iraq-iran-
relations-iran.htm

The Supreme Leader of Iran, Ayatollah Ali Khamenei, has accused the United States of scathing the relations between Iran and Iraq.

He has also charged that agents of America and Israel were behind the Iraqi insurgency, according to a state-run Iranian television.

Ayatollah Ali Khamenei has reportedly told the visiting Iraqi President Jalal Talabani that U.S.A. has been damaging the relationship between Iran and Iraq as well as playing off the improvement in relations between the two countries.

But the two countries should resist the damage

◆ he said.

Khamenei, the key person of Iran's state affairs, has also blamed U.S. and the Israeli Intelligence for the vehement insurgency that wrecked the neighboring areas of Iraq, according to the report.

The report quotes Talibani as saying that he is keen on improving the relationship between Iran and Iraq.

Iran is skeptical about the United States following a range of procedures. U.S. troops in Iraq is seen by Iran as a threat to Iran's security. Iran has called for the removal of the U.S. troops from Iraq. On the other hand, Washington has accused Iran of equipping and funding Shiite Muslim militias who are fighting American and Iraqi troops.

A new discussion between Iran and U.S. on Iraqi security would take place during Talabani's visit, the Deputy Iranian Foreign Minister Mehdi Mostafavi had said earlier.

Tension has risen between Iran and the United States since the first round of discussions in Baghdad in May last month. The tension had risen over the issue of Tehran's detention of four Iranian-American scholars and activists charged with imperiling national security.

The detention of five Iranian officials by U.S. troops in Iraq in January had already enraged Iran. Iran had warned that Washington would regret the move.

However, Iranian Foreign Minister Manouchehr Mottaki has said that Iran would answer a request for persisting discussions with the U.S. with a positive point of view.

It would definitely not be good for the United States to harbor an enemy like Iran when dealing with the Middle East. The repeated allegations by Iran against the U.S. seem to have some ground.

Is U.S. devising a ploy to alienate Iraq and Iran to enjoy an ultimate dictatorship over both the countries?

Here's a little question and answer in case you're confused:

Q: Who are those who fight against America and resist American occupation ?

Answer: They are agents of America!

Q: What about those who help America and America funds, supports and protects them in every way?

Answer: They are the enemies of America!

Q: According to who?

Answer: Ayatollah Ali Khamenei.

Q: Why should we believe this?

Answer: Because he said so!!!

According to "ayatollah" Ali Khamenehi, leader of Iran, these guys are agents of America and Israel:

And these attacks were carried out by "America's agents" against the American military! ??????!!??!!

And at the same time he and his brainwashed followers say that this guy and everyone else in Iraq who support the United States and are protected, funded and trained by America are INDEPENDENT and ISLAMIC and ON THE RIGHT PATH!!!

So according to the Iranian Government, anyone who fights against the American occupation and actually does something rather than just shout in the streets is "an agent of America".

And anyone who does nothing, or actually Helps the American occupation is "independent" and "Islamic" and America and Israel are planning to destroy them using their "agents" ... meaning the ISLAMIC RESISTANCE!!!!!!!!!!

It is incredible that so many people (not just his followers) actually believe him. Please THINK!

It's one thing to accuse the resistance in Iraq and Afghanistan of being fake... but the Iranian Government doesn't stop there. They first accuse the resistance of being agents of America, then they help America to fight against the resistance and when anyone complains they say "Hey it's ok, we're fighting against America's agents....!!!"

They expect us to believe that the resistance are "agents of America", but at the same time the puppet Government of Karzai and "New Iraqi Government" are INDEPENDENT AND ISLAMIC!!!

These are just lies and excuses. The real agents of America and Israel are their puppets and those who are helping them. I've explained their plans in great depth on other threads:

The above news says Iran and USA are going to have yet another meeting about the war on Iraq!

But...wait a minute, what's the point of the meeting if the USA is behind the "insurgency, violence and insecurity" (meaning violence against US forces and their puppets)?

The Iranian Government keeps accusing the United States of being behind the insurgency/resistance in Iraq, meaning that the US is fighting itself in Iraq... but if this was the case why are they having a meeting with US officials? What's the point of the

meeting if the US is orchestrating everything in Iraq???

Doesnt make sense does it?

The Iranian Government is clearly contradicting their own fake conspiracy theory, which is of course a cover up for the real conspiracy:

All Hail the Mighty Sawtul, Great and All-Seeing Soothsayer, Who Never Speaks A Lie, But Always Untangles and then Retangles The Most Simple Politics To Justify His Inexplicable Self-Hate (He Is Iranian).

Duende, I think, we should set up a joint venture and compile a joke book of Swat whatever's posts and publish it.

That would be a great joke in itself. In the Foreword, we will add his Afghan claim episode and how he was zoomed to Italy and somehow landed on our earth as an IRANIAN.

Simple caution for all Muslims: The US is spending billions, for painting Iran in bad colours - for alienating Muslim support before the planned attack.

What could be worse colours, these days, than showing anyone as an accomplice of the US?

This man, woman, thing is working for Psy Ops. If not directly for the Americans then with the Israeli outfit. I can bet my guts on this.

You dont even have the guts to talk about the topic and try to prove me wrong. All you do is repeatedly accuse me of being a "CIA/Israel agent", same baseless accusation that Iran and Khamenehi use against all their Muslim enemies.

Simple and just straightforward.

Someone conducting an enemy's task is an enemy or the enemy's agent.

I talk about or discuss anything with persons of integrity not with anyone of dubious identity.

Period.
